

## **RenaissanceRe Announces Estimated Net Negative Impact on Third Quarter 2021 Results of Operations**

October 12, 2021

PEMBROKE, Bermuda--(BUSINESS WIRE)--Oct. 12, 2021-- RenaissanceRe Holdings Ltd. (NYSE: RNR) (the "Company" or "RenaissanceRe") today announced it estimates that losses from certain 2021 catastrophe events will have a net negative impact of approximately \$725 million on the Company's third quarter 2021 results of operations. This estimate is primarily comprised of net negative impacts of approximately \$440 million from Hurricane Ida in August 2021 and approximately \$210 million from the severe flooding in Northwestern Europe in July 2021. In addition, losses from other catastrophe events, as well as aggregate losses associated with these and other events, contributed to the estimated net negative impact.

Kevin J. O'Donnell, President and Chief Executive Officer of RenaissanceRe, commented: "We extend our sympathies to the many people around the world impacted by the quarter's catastrophic events. In another active season for hurricanes, floods, and other natural disasters, we are rapidly paying our customers' claims, which helps communities recover and reinforces the value of the protection we provide. Looking ahead to 2022, our fortress balance sheet and superior customer relationships should allow us to extend our leadership in the global reinsurance market."

### **Net Negative Impact**

Net negative impact includes the sum of estimates of net claims and claim expenses incurred, earned reinstatement premiums assumed and ceded, earned and lost profit commissions and redeemable noncontrolling interest. The Company's estimates of net negative impact are based on a review of its potential exposures, preliminary discussions with certain counterparties and actuarial modeling techniques. The Company's actual net negative impact, both individually and in the aggregate, may vary from these estimates, perhaps materially. Changes in these estimates will be recorded in the period in which they occur.

Meaningful uncertainty regarding the estimates and the nature and extent of the losses from catastrophe events remains, driven by the magnitude and recent nature of each event, the geographic areas impacted by the events, relatively limited claims data received to date, the contingent nature of business interruption and other exposures, potential uncertainties relating to reinsurance recoveries and other factors inherent in loss estimation, among other things.

### **About RenaissanceRe**

RenaissanceRe is a global provider of reinsurance and insurance that specializes in matching well-structured risks with efficient sources of capital. The Company provides property, casualty and specialty reinsurance and certain insurance solutions to customers, principally through intermediaries. Established in 1993, the Company has offices in Bermuda, Australia, Ireland, Singapore, Switzerland, the United Kingdom and the United States.

### **Cautionary Statement Regarding Forward-Looking Statements**

Any forward-looking statements made in this Press Release reflect RenaissanceRe's current views with respect to future events and financial performance and are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements are subject to numerous factors that could cause actual results to differ materially from those set forth in or implied by such forward-looking statements, including the following: the frequency and severity of catastrophic and other events the Company covers; the effectiveness of the Company's claims and claim expense reserving process; the effect of climate change on the Company's business, including the trend towards increasingly frequent and severe climate events; the highly competitive nature of the Company's industry, resulting in consolidation of competitors, customers and insurance and reinsurance brokers, and the Company's reliance on a small and decreasing number of brokers; the Company's ability to maintain its financial strength ratings; the effect of emerging claims and coverage issues; collection on claimed retrocessional coverage, and new retrocessional reinsurance being available on acceptable terms; the uncertainty of the continuing and future impact of the COVID-19 pandemic, including measures taken in response thereto and the effect of legislative, regulatory and judicial influences on the Company; the Company's exposure to credit loss from counterparties; the effect of continued challenging economic conditions throughout the world; the performance of the Company's investment portfolio and financial market volatility; a contention by the U.S. Internal Revenue Service that any of the Company's Bermuda subsidiaries are subject to taxation in the U.S.; the effects of U.S. tax reform legislation, Organisation for Economic Co-operation and Development or European Union measures and possible future tax reform legislation and regulations, including changes to the tax treatment of the Company's shareholders or investors in its joint ventures or other entities it manages; the effect of cybersecurity risks, including technology breaches or failure; the effects of inflation; the Company's ability to successfully implement its business strategies and initiatives, and the success of any of the Company's strategic investments or acquisitions, including its ability to manage its operations as its product and geographical diversity increases; the Company's ability to retain key executives and employees; the Company's ability to effectively manage capital on behalf of investors in joint ventures or other entities it manages; foreign currency exchange rate fluctuations; soft reinsurance underwriting market conditions; losses the Company could face from terrorism, political unrest or war; the Company's ability to determine any impairments taken on its investments; the ability of the Company's ceding companies and delegated authority counterparties to accurately assess the risks they underwrite; the effect of operational risks, including system or human failures; the Company's ability to raise capital if necessary; the Company's ability to comply with covenants in its debt agreements; changes to the accounting rules and regulatory systems applicable to the Company's business, including changes in Bermuda laws or regulations or as a result of increased global regulation of the insurance and reinsurance industries; the Company's dependence on the ability of its operating subsidiaries to declare and pay dividends; aspects of the Company's corporate structure that may discourage third-party takeovers and other transactions; difficulties investors may have in serving process or enforcing judgments against the Company in the U.S.; the cyclical nature of the reinsurance and insurance industries; adverse legislative developments that reduce the size of the private markets the Company serves or impede their future growth and other political, regulatory or industry initiatives adversely impacting the Company; the Company's ability to comply with applicable sanctions and foreign corrupt practices laws; the Company's need to make many estimates and judgments in the preparation of its financial statements; and other factors affecting future results disclosed in RenaissanceRe's filings with the SEC, including its Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q.
