- -- Achieves ROE of 31% for the First Quarter
- -- 73% Growth in Managed Cat Premium for the First Quarter
- Reports Growth in Premiums from Specialty Reinsurance and Cat Exposed Primary Insurance of \$100 million
- -- Comfortable with Increase in 2002 EPS Estimates to between \$12.00 and \$12.50

RenaissanceRe Holdings Ltd. (NYSE: RNR) today reported \$86.6 million in first quarter net operating income available to common shareholders (excluding realized investment gains and losses), compared to \$37.3 million in the first quarter of 2001. Operating earnings per common share grew to \$3.72 in the first quarter, from \$1.84 per common share in the first quarter of the previous year. Net income available to common shareholders rose 94% to \$87.3 million, or \$3.75 per common share in the quarter, from \$44.9 million or \$2.22 per common share for the same quarter of 2001.

James N. Stanard, Chairman and CEO, commented: "Our record first quarter demonstrates the earnings power of our business in a period with low catastrophe losses. In addition, we achieved outstanding success, reflected by substantial revenue growth, across all our key business activities-catastrophe reinsurance, specialty reinsurance and catastrophe exposed commercial insurance. Lower than usual first quarter loss activity, together with projected increases in 2002 premiums, lead us to be comfortable with estimates of \$12.00 to \$12.50 for 2002 operating EPS."

Gross premiums written for the first quarter of 2002 increased by over 100% to \$460.8 million, compared to \$198.2 million for the same quarter of 2001. Net premiums written for the first quarter of 2002 were \$379.1 million, versus \$121.2 million for the same quarter of 2001. Net premiums earned for the first quarter of 2002 were \$150.3 million, compared to \$83.9 million for the same quarter of 2001. Those premiums include \$95.3 million of gross written premiums, \$95.3 million of net written premiums and \$23.6 million of net premiums earned by the Company's joint venture, DaVinci Re. Premiums also include \$34.9 million assumed from the OPCat Ltd. joint venture in connection with the previously announced decision of Overseas Partners Ltd. to exit the reinsurance business.

Total written Managed Catastrophe Premiums, representing gross catastrophe premiums written by RenaissanceRe Holdings Ltd. and by related joint ventures, increased by 73% and were \$370.4 million for the first quarter, compared to \$214.7 million for the same quarter of 2001.

Net investment income, excluding realized and unrealized investment gains and losses, for the first quarter of 2002 increased to \$22.8 million, compared to \$17.9 million for the same period in 2001, due primarily to the Company's capital raising activities during the second half of 2001.

The Company also reported an increase in other income to \$8.1 million for the quarter, from \$3.9 million for the same quarter in 2001. The increase primarily relates to an increase of \$1.6 million from profits and fees earned from its joint venture activities and to \$2.5 million of gains from contracts triggered by physical variables, recognized during the quarter.

The Company benefited from the low level of catastrophe losses in the quarter and, accordingly, the Company's claims and claim expenses incurred for the quarter ended March 31, 2002 were \$43.1 million, or 28.7% of net premiums earned. In comparison, claims and claim expenses incurred for the quarter ended March 31, 2001 were \$41.9 million, or 49.9% of net premiums earned.

The Company is reporting for the first time its pro-forma "other income", representing aggregate earnings from its joint venture activities, other fees related to catastrophe business, and other items. The principal difference between other income as reported and the pro-forma presentation is that the results of DaVinciRe Holdings Ltd. are reflected as if it were reported under the equity method and the pro-forma presentation also includes fees from other managed cat business. During the quarter, the Company recorded pro-forma other income of \$22.3 million, compared to \$6.3 million during the first quarter of 2001. Of the total \$22.3 million of pro-forma other income during the quarter, \$12.0 million relates to fees and profit commissions, compared to \$3.1 million in the first quarter of 2001, \$7.2 million relates to the Company's equity pick up from joint ventures, versus \$2.7 million in the comparable quarter of 2001 and the remaining \$3.1 million relates primarily to income from contracts triggered by physical variables, compared to \$0.5 million in the first quarter of last year.

Operating expenses were \$10.7 million for the first quarter of 2002, compared to \$8.5 million for the same quarter of 2001. The increase was due to additional costs for personnel and operating expenses associated with the Company's increase in operations.

Shareholders' equity at March 31, 2002 was \$1.29 billion. Shareholders' equity attributable to common shareholders was \$1.14 billion at March 31, 2002, compared to \$1.08 billion at December 31, 2001. Book value per common share at March 31, 2002 was \$50.25 per common share, compared to \$47.50 per common share at December 31, 2001.

Separately, the Company announced that DaVinciRe Holdings Ltd. signed a definitive agreement to replace the \$100 million bridge financing provided by RenaissanceRe with a third party credit facility led by Citibank, N.A.
