***RenaissanceRe Reports Fourth Quarter 2018 Net Loss Attributable to Common Shareholders of \$83.9 Million, or \$2.10 Per Diluted Common Share; Operating Income Available to Common Shareholders of \$1.2 Million, or \$0.02 Per Diluted Common Share***

***Annual Net Income Available to Common Shareholders of \$197.3 million for 2018, or \$4.91 Per Diluted Common Share; Annual Operating Income Available to Common Shareholders of \$366.6 million, or \$9.17 Per Diluted Common Share***

**Pembroke, Bermuda, January 29, 2019** -- RenaissanceRe Holdings Ltd. (NYSE: RNR) (the "Company" or "RenaissanceRe") today reported a net loss attributable to RenaissanceRe common shareholders of \$83.9 million, or \$2.10 per diluted common share, in the fourth quarter of 2018, compared to a net loss attributable to RenaissanceRe common shareholders of \$3.5 million, or \$0.09 per diluted common share, in the fourth quarter of 2017. Operating income available to RenaissanceRe common shareholders was \$1.2 million, or \$0.02 per diluted common share, in the fourth quarter of 2018, compared to operating income available to RenaissanceRe common shareholders of \$41.4 million, or \$1.05 per diluted common share, in the fourth quarter of 2017. The Company reported an annualized return on average common equity of negative 7.8% and an annualized operating return on average common equity of positive 0.1% in the fourth quarter of 2018, compared to negative 0.3% and positive 4.2%, respectively, in the fourth quarter of 2017. Book value per common share decreased \$1.08, or 1.0%, to \$104.13 in the fourth quarter of 2018, compared to a 0.3% decrease in the fourth quarter of 2017. Tangible book value per common share plus accumulated dividends decreased \$0.40, or 0.4%, to \$117.17 in the fourth quarter of 2018, compared to a 0.1% increase in the fourth quarter of 2017.

For 2018, the Company reported net income available to RenaissanceRe common shareholders of \$197.3 million, or \$4.91 per diluted common share, compared to a net loss attributable to RenaissanceRe common shareholders of \$244.8 million, or \$6.15 per diluted common share, in 2017. Operating income available to RenaissanceRe common shareholders was \$366.6 million, or \$9.17 per diluted common share, in 2018, compared to an operating loss attributable to RenaissanceRe common shareholders of \$332.3 million, or \$8.35 per diluted common share, in 2017. The Company reported a return on average common equity of 4.7% and an operating return on average common equity of 8.8% in 2018, compared to negative 5.7% and negative 7.7%, respectively, in 2017. Book value per common share increased \$4.41, or 4.4%, in 2018, to \$104.13, compared to an 8.0% decrease in 2017. Tangible book value per common share plus accumulated dividends increased \$5.94, or 6.4%, to \$117.17 in 2018, compared to a 7.2% decrease in 2017.

Kevin J. O'Donnell, President and Chief Executive Officer of RenaissanceRe, commented: "Once again in 2018, we benefited from our industry leading ability to construct efficient portfolios of risk through superior underwriting and the application of our gross-to-net strategy. In the quarter, we reported positive operating income, while rapidly paying claims to customers facing significant losses from Category 4 Hurricane Michael and a second consecutive year of record breaking wildfires in California. For the year, we outperformed on multiple metrics, posting a strong operating ROE, delivering robust top line growth, and executing effectively on a number of key initiatives, including the formation of our latest innovative joint venture, Vermeer and our pending acquisition of Tokio Millennium Re. Looking ahead, at the recent January 1 renewal we laid the foundation for a successful 2019 and ongoing shareholder value creation."

#### **FOURTH QUARTER 2018 SUMMARY**

- During the fourth quarter of 2018, Hurricane Michael, the wildfires in California during the fourth quarter of 2018 (the "Q4 2018 California Wildfires") and changes in certain losses associated with aggregate loss contracts (the "2018 Aggregate Losses") resulted in a net negative impact on the net loss attributable to RenaissanceRe common shareholders of \$104.1 million. Also impacting results in the fourth quarter of 2018 was the net positive impact of changes in the Company's estimates of the net negative impact of the Q3 2018 Catastrophe Events (as defined herein) and the 2017 Large Loss Events (as defined herein) of \$49.3 million and \$19.4 million, respectively.

- Underwriting loss of \$82.3 million and a combined ratio of 114.3% in the fourth quarter of 2018, compared to an underwriting loss of \$10.4 million and a combined ratio of 102.5% in the fourth quarter of 2017. Impacting the Company's underwriting results in the fourth quarter of 2018 were Hurricane Michael, the Q4 2018 California Wildfires and changes in the 2018 Aggregate Losses, which had a net negative impact on the underwriting result of \$205.7 million within the Company's property segment and added 38.3 percentage points to the Company's combined ratio. In addition, as a result of the Q4 2018 California Wildfires, the Company's underwriting result was negatively impacted by certain casualty liability exposures within the Casualty and Specialty segment.
- Gross premiums written increased by \$140.0 million, or 34.3%, to \$547.8 million, in the fourth quarter of 2018, compared to the fourth quarter of 2017, driven by an increase of \$104.8 million in the Property segment and an increase of \$35.2 million in the Casualty and Specialty segment. Included in gross premiums written in the fourth quarter of 2018 was \$102.5 million of reinstatement premiums written primarily associated with Hurricane Michael and the Q4 2018 California Wildfires. Included in the gross premiums written in the fourth quarter of 2017 was \$10.4 million of reinstatement premiums written primarily associated with the wildfires in California during the fourth quarter of 2017.
- Total investment result was a loss of \$35.3 million in the fourth quarter of 2018, generating an annualized total investment return of negative 1.2%.

#### **Net Negative Impact**

Net negative impact includes the sum of estimates of net claims and claim expenses incurred, earned reinstatement premiums assumed and ceded, lost profit commissions and redeemable noncontrolling interest. The Company's estimates of net negative impact are based on a review of its potential exposures, preliminary discussions with certain counterparties and catastrophe modeling techniques. The Company's actual net negative impact, both individually and in the aggregate, will vary from these estimates, perhaps materially. Changes in these estimates will be recorded in the period in which they occur.

Meaningful uncertainty remains regarding the estimates and the nature and extent of the losses associated with Hurricane Michael, the Q4 2018 California Wildfires, the 2018 Aggregate Losses, the Q3 2018 Catastrophe Events (as defined herein) and the 2017 Large Loss Events (as defined herein) driven by the magnitude and recent occurrence of each event, the relatively limited claims data received to date, the contingent nature of business interruption and other exposures, potential uncertainties relating to reinsurance recoveries and other factors inherent in loss estimation, among other things.

The financial data below provides additional information detailing the net negative impact of Hurricane Michael, the Q4 2018 California Wildfires and changes in the 2018 Aggregate Losses, and the net positive impact of changes in estimates of the net negative impact of the Q3 2018 Catastrophe Events (as defined herein) and changes in estimates of the 2017 Large Loss Events (as defined herein) on the Company's consolidated financial statements in the fourth quarter of 2018.

- (1) Certain of the Company's aggregate loss contracts were triggered during the third quarter of 2018 primarily as a result of losses associated with the Q3 2018 Catastrophe Events, and accordingly, the Company incurred losses under certain of its aggregate loss reinsurance contracts during the third quarter of 2018. Changes in 2018 Aggregate Losses in the table above reflects additional losses under certain of the Company's aggregate loss reinsurance contracts recorded in the fourth quarter of 2018, primarily reflecting additional catastrophe loss activity occurring in the fourth quarter of 2018, principally Hurricane Michael, and the Q4 2018 California Wildfires.
- (2) An initial estimate of the net negative impact of Typhoons Jebi, Mangkhut and Trami, Hurricane Florence and the wildfires in California during the third quarter of 2018 (collectively, the "Q3 2018 Catastrophe Events") was recorded in the Company's consolidated financial statements during the third quarter of 2018. The amounts noted in the table above reflect changes in the estimates of the net negative impact of the Q3 2018 Catastrophe Events recorded in the fourth quarter of 2018.
- (3) An initial estimate of the net negative impact of the Hurricanes Harvey, Irma and Maria, the Mexico City Earthquake, the wildfires in California during the fourth quarter of 2017 and certain losses associated with aggregate loss contracts (collectively, the "2017 Large Loss Events") was recorded in the Company's consolidated financial statements during 2017. The amounts noted in the table above reflect changes in the estimates of the net negative impact of the 2017 Large Loss Events recorded in the fourth quarter of 2018.
- (4) Impact on Casualty and Specialty segment result includes loss estimates from catastrophe exposed contracts within certain specialty lines of business (i.e., energy, marine, and regional multi-line business). Amounts shown for the Q4 2018 California Wildfires do not reflect impacts from certain casualty liability exposures within the Casualty and Specialty segment as different actuarial techniques are used to estimate losses related to such exposures.

## Underwriting Results by Segment

### Property Segment

Gross premiums written in the Property segment were \$199.9 million in the fourth quarter of 2018, an increase of \$104.8 million, or 110.1%, compared to \$95.2 million in the fourth quarter of 2017. Included in gross premiums written in the Property segment in the fourth quarter of 2018 was \$102.7 million of reinstatement premiums written primarily associated with Hurricane Michael and the Q4 2018 California Wildfires. Included in the gross premiums written in the Property segment in the fourth quarter of 2017 was \$10.4 million of reinstatement premiums written primarily associated with the wildfires in California during the fourth quarter of 2017 (the "Q4 2017 California Wildfires"). Excluding the reinstatement premiums written in each period associated with the respective catastrophe events, gross premiums written in the Property segment would have increased \$12.4 million, or 14.7%, in the fourth quarter of 2018, compared to the fourth quarter of 2017.

Gross premiums written in the catastrophe class of business were \$108.9 million in the fourth quarter of 2018, an increase of \$73.9 million, or 211.1%, compared to the fourth quarter of 2017. Included in the catastrophe class of

business in the fourth quarter of 2018 was \$102.8 million of reinstatement premiums written primarily associated with Hurricane Michael and the Q4 2018 California Wildfires, as compared to the fourth quarter of 2017 which included \$10.2 million of reinstatement premiums written primarily associated with the Q4 2017 California Wildfires. Excluding the reinstatement premiums written in each period associated with the respective catastrophe events, gross premiums written in the catastrophe class of business would have decreased by \$18.7 million, or 75.4%, principally due to the non-renewal of certain bespoke transactions the Company entered into during the fourth quarter of 2017. The Company does not typically have significant gross premiums written in the catastrophe class of business during the fourth quarter outside of bespoke transactions or catastrophe event related reinstatement premiums or back up covers.

Gross premiums written in the other property class of business were \$91.0 million in the fourth quarter of 2018, an increase of \$30.8 million, or 51.2%, compared to the fourth quarter of 2017. The increase in gross premiums written in the other property class of business was primarily driven by the continued growth in the Lloyd's underwriting platform, both from existing relationships and through new opportunities.

Ceded premiums written in the Property segment were \$29.3 million in the fourth quarter of 2018, an increase of \$16.4 million, or 127.3%, compared to the fourth quarter of 2017. Included in ceded premiums written in the fourth quarter of 2018 was \$26.0 million of reinstatement premiums primarily associated with Hurricane Michael and the Q4 2018 California Wildfires as compared to the fourth quarter of 2017, which included \$5.4 million of reinstatement premiums written associated with the 2017 Large Loss Events.

The Property segment incurred an underwriting loss of \$35.0 million and had a combined ratio of 110.6% in the fourth quarter of 2018, compared to an underwriting loss of \$22.7 million and a combined ratio of 110.6% in the fourth quarter of 2017. Principally impacting the Property segment underwriting result and combined ratio in the fourth quarter of 2018 were Hurricane Michael, the Q4 2018 California Wildfires and changes in the 2018 Aggregate Losses, which resulted in a net negative impact on the underwriting result of \$205.7 million and added 74.1 percentage points to the combined ratio. In addition, the underwriting results in the fourth quarter of 2018 were positively impacted by changes in the estimates of the net negative impact of the Q3 2018 Catastrophe Events and 2017 Large Loss Events of \$55.2 million and \$24.8 million, respectively, reducing the Property segment combined ratio by 17.7 and 7.9 percentage points, respectively. In comparison, the fourth quarter of 2017 was impacted by the Q4 2017 California Wildfires, which resulted in an underwriting loss of \$154.4 million and added 75.3 percentage points to the Property segment combined ratio. Also impacting the Property segment underwriting result in the fourth quarter of 2017 was a \$52.9 million decrease in underwriting losses associated with Hurricanes Harvey, Irma and Maria and the Mexico City Earthquake, partially offset by \$49.6 million of underwriting losses associated with changes in estimates of aggregate loss contracts recorded during the fourth quarter of 2017.

#### *Casualty and Specialty Segment*

Gross premiums written in the Casualty and Specialty segment were \$347.8 million in the fourth quarter of 2018, an increase of \$35.2 million, or 11.3%, compared to the fourth quarter of 2017. The increase was principally due to continued and selective growth from new business opportunities primarily within our financial lines and other classes of business.

The Casualty and Specialty segment incurred an underwriting loss of \$47.4 million and had a combined ratio of 119.3% in the fourth quarter of 2018, compared to underwriting income of \$11.5 million and a combined ratio of 94.5%, in the fourth quarter of 2017. The underwriting loss in the fourth quarter of 2018 was the result of increases in its estimate of the reserve for claims and claim expenses within the Company's casualty book of business driven by liability exposures associated with the Q4 2018 California Wildfires. The Company utilizes standard actuarial techniques by class and line of business within its casualty classes of business and has taken into account these exposures in selecting its best estimate of its reserve for claims and claim expenses for the classes of business impacted.

During the fourth quarter of 2018, the Casualty and Specialty segment experienced net favorable development on prior accident years net claims and claim expenses of \$25.2 million, or 10.3 percentage points, compared to net favorable development of \$7.8 million, or 3.8 percentage points, in the fourth quarter of 2017. The net favorable development during the fourth quarter of 2018 was principally driven by reported losses generally coming in lower than expected on attritional net claims and claim expenses across a number of lines of business.

## Other Items

- The Company's total investment result, which includes the sum of net investment income and net realized and unrealized gains and losses on investments, was a loss of \$35.3 million in the fourth quarter of 2018, compared to a gain of \$65.7 million in the fourth quarter of 2017, a decrease of \$101.1 million. The decrease in the total investment result was principally due to an increase in the net realized and unrealized losses on investments of \$80.9 million, primarily driven by unrealized losses and lower realized gains on the Company's equity investments trading portfolio, partially offset by unrealized gains on the Company's portfolio of fixed maturity investments trading. In addition, net investment income decreased by \$20.1 million, primarily driven by losses on the Company's portfolio of private equity and catastrophe bond investments, partially offset by higher returns on the Company's fixed maturity and short term investment portfolios.
- Net loss attributable to redeemable noncontrolling interests in the fourth quarter of 2018 was \$49.3 million, compared to net income attributable to redeemable noncontrolling interests of \$0.1 million in the fourth quarter of 2017. The result for the fourth quarter of 2018 was primarily driven by more significant losses in DaVinciRe associated with Hurricane Michael, the Q4 2018 California Wildfires and changes in the 2018 Aggregate Losses as compared to the Q4 2017 California Wildfires during the fourth quarter of 2017. The Company's ownership in DaVinciRe was 22.1% at both December 31, 2018 and December 31, 2017. The Company expects its noncontrolling economic ownership in DaVinciRe to fluctuate over time.
- The Company recognized an income tax benefit of \$8.9 million in the fourth quarter of 2018, compared to an income tax expense of \$41.2 million in the fourth quarter of 2017. In the fourth quarter of 2018, the income tax benefit was principally driven by underwriting losses in the U.S. associated with Hurricane Michael, the Q4 2018 California Wildfires and changes in the 2018 Aggregate Losses, and unrealized losses on investments in the Company's U.S. investment portfolio. In comparison, income tax expense in the fourth quarter of 2017, was principally driven by a write-down of a portion of the Company's deferred tax asset of \$36.7 million as a result of the reduction in the U.S. corporate tax rate from 35% to 21% pursuant to the Tax Cuts and Jobs Act of 2017, which was enacted on December 22, 2017 and effective on January 1, 2018.

## **FULL YEAR 2018 SUMMARY**

- Gross premiums written increased by \$512.9 million, or 18.3%, to \$3.3 billion, in 2018, compared to 2017, driven primarily by increases of \$320.5 million in the Property segment and \$192.4 million in the Casualty and Specialty segment. Included in gross premiums written in 2018 was \$94.5 million of reinstatement premiums written associated with the 2018 Large Loss Events and changes in the estimates of the 2017 Large Loss Events, and \$102.3 million of gross premiums written associated with a large, non-recurring reinsurance transaction, each principally within the Property segment. Included in the gross premiums written in 2017 was \$180.2 million of reinstatement premiums written associated with the 2017 Large Loss Events.
- Underwriting income of \$244.9 million and a combined ratio of 87.6% in 2018, compared to an underwriting loss of \$651.5 million and a combined ratio of 137.9%, in 2017. Underwriting income was comprised of \$262.1 million of underwriting income in the Property segment, partially offset by a \$17.0 million underwriting loss in the Casualty and Specialty segment. Impacting the underwriting result for 2018 was the 2018 Large Loss Events, which had a net negative impact on the Company's underwriting result of \$340.2 million and added 18.6 percentage points to the combined ratio, partially offset by changes in the estimates of the 2017 Large Loss Events, which had a positive impact on the underwriting result of \$157.8 million and reduced the combined ratio by 8.0 percentage points. In addition, as a result of the Q4 2018 California Wildfires, the Company's underwriting result was negatively impacted by certain casualty liability exposures within the Casualty and Specialty segment.
- Net income available to RenaissanceRe common shareholders of \$197.3 million in 2018 included total net negative impact on the Company's net income available to RenaissanceRe common shareholders of \$86.4 million from the 2018 Large Loss Events and changes in estimates of the net negative impact of the 2017 Large Loss Events.
- Total investment result was a gain of \$86.8 million in 2018, generating an annualized total investment return of 0.8%. The Company's portfolio of fixed maturity and short term investments had a yield to maturity of 3.2% at December 31, 2018, contributing positively to the \$261.9 million of net investment income to the total investment result in 2018.

## Net Negative Impact

The financial data below provides additional information detailing the net negative impact of the Q3 2018 Catastrophe Events, the Q4 2018 Catastrophe Events (as defined herein) and the 2018 Aggregate Losses (the "2018 Large Loss Events") and the net positive impact of changes in estimates of the net negative impact of the 2017 Large Loss Events on the Company's consolidated financial statements in 2018.

(1) Q3 2018 Catastrophe Events includes Typhoons Jebi, Mangkhut and Trami, Hurricane Florence and the wildfires in California during the third quarter of 2018.

(2) Q4 2018 Catastrophe Events includes Hurricane Michael and the wildfires in California during the fourth quarter of 2018.

(3) An initial estimate of the net negative impact of the 2017 Large Loss Events was recorded in the Company's consolidated financial statements during 2017. The amounts noted in the table above reflect changes in the estimates of the net negative impact of the 2017 Large Loss Events recorded in 2018.

(4) Impact on Casualty and Specialty segment result includes loss estimates from catastrophe exposed contracts within certain specialty lines of business (i.e., energy, marine, and regional multi-line business). ## Underwriting Results by Segment

### Property Segment

In 2018, gross premiums written in the Property segment increased by \$320.5 million, or 22.2%, to \$1.8 billion, compared to \$1.4 billion in 2017. Included in gross premiums written in the Property segment in 2018 was \$95.5 million of reinstatement premiums written primarily associated with the 2018 Large Loss Events and changes in the estimates of the net negative impact of the 2017 Large Loss Events. Included in the gross premiums written in the Property segment in 2017 was \$175.1 million of reinstatement premiums written primarily associated with the 2017 Large Loss Events. Excluding the reinstatement premiums written in each period associated with the respective catastrophe events, gross premiums written in the Property segment would have increased \$400.1 million, or 31.6%, in 2018, compared to 2017.

Gross premiums written in the catastrophe class of business were \$1.3 billion in 2018, an increase of \$244.9 million, or 22.2%, compared to 2017. Included in the catastrophe class of business in 2018 were \$102.3 million of gross premiums written associated with large, non-recurring reinsurance transactions and \$95.5 million of reinstatement premiums written primarily associated with the 2018 Large Loss Events and changes in the estimates of the net negative impact of the 2017 Large Loss Events. In comparison, 2017 included \$172.4 million of reinstatement premiums written associated with the 2017 Large Loss Events. Excluding the reinstatement

premiums written in each period associated with the respective catastrophe events, gross premiums written in the catastrophe class of business would have increased \$321.8 million, or 34.5%, which was primarily a result of expanded participation on existing transactions and certain new transactions we believe have comparably attractive risk-return attributes, including the large, non-recurring reinsurance transactions noted above.

Gross premiums written in the other property class of business were \$411.6 million in 2018, an increase of \$75.6 million, or 22.5%, compared to 2017. The increase in gross premiums written in the other property class of business was primarily driven by growth across the Company's underwriting platforms, both from existing relationships and through new opportunities the Company believes have comparably attractive risk-return attributes.

The Company's Property segment generated underwriting income of \$262.1 million in 2018, compared to an underwriting loss of \$574.9 million in 2017, an improvement of \$837.0 million. In 2018, the Property segment generated a net claims and claim expense ratio of 47.4%, an underwriting expense ratio of 27.7% and a combined ratio of 75.1%, compared to 139.4%, 22.3% and 161.7%, respectively, in 2017.

Primarily impacting the Property segment underwriting result and combined ratio in 2018 were the 2018 Large Loss Events, which resulted in a net negative impact on the underwriting result of \$338.7 million, and a corresponding increase in the combined ratio of 37.4 percentage points. This was partially offset by a net positive impact on the underwriting result associated with changes in the estimates of the net negative impact on the underwriting result of the 2017 Large Loss Events of \$145.7 million, and a corresponding decrease in the combined ratio of 14.0 percentage points. In comparison, 2017 was impacted by the 2017 Large Loss Events which resulted in a net negative impact on the underwriting result of \$959.8 million and added 110.5 percentage points to the Property segment combined ratio.

Primarily as a result of changes in the estimates of the net negative impact of the 2017 Large Loss Events noted above, the Property segment experienced net favorable development on prior accident years net claims and claim expenses of \$221.3 million, or 21.0 percentage points, during 2018, compared to \$45.6 million, or 4.9%, in 2017.

#### *Casualty and Specialty Segment*

In 2018, gross premiums written in the Casualty and Specialty segment increased by \$192.4 million, or 14.2%, to \$1.5 billion, compared to \$1.4 billion in 2017. The increase was principally due to selective growth from new business opportunities across various classes of business in the Company's Casualty and Specialty segment. Much of this growth is a result of the Company's differentiated strategy to provide bespoke customer solutions, which may be non-recurring.

The Company's Casualty and Specialty segment incurred an underwriting loss of \$17.0 million in 2018, compared to an underwriting loss of \$78.2 million in 2017. In 2018, the Casualty and Specialty segment generated a net claims and claim expense ratio of 67.3%, an underwriting expense ratio of 34.5% and a combined ratio of 101.8%, compared to 71.8%, 38.1% and 109.9%, respectively, in 2017.

The decrease in the Company's Casualty and Specialty segment's combined ratio was driven by decreases of 4.5 percentage points in the net claims and claim expense ratio and 3.6 percentage points in the underwriting expense ratio, in 2018, compared to 2017.

The decrease in the Company's Casualty and Specialty segment net claims and claim expense ratio was principally due to favorable development of prior accident year losses of \$49.3 million, or 5.3 percentage points during 2018, as compared to net adverse development of \$6.2 million, or 0.7 percentage points, in 2017. The net favorable development during 2018 was principally driven by reported losses coming in lower than expected, compared to 2017 which experienced adverse development associated with the decrease in the Ogden Rate during the period.

The underwriting expense ratio in the Company's Casualty and Specialty segment decreased 3.6 percentage points to 34.5% in 2018, compared to 38.1% in 2017, due to a decrease in both the net acquisition ratio and the operating expense ratio, with the latter being due to improved operating leverage.

#### **Other Items**

- Net income attributable to redeemable noncontrolling interests in 2018 was \$41.6 million, compared to net loss attributable to redeemable noncontrolling interests of \$132.3 million in 2017, a change of \$173.8 million, principally due to DaVinciRe generating underwriting income in 2018, compared to significant underwriting losses in 2017 driven by the 2017 Large Loss Events.

- The Company's total investment result, which includes the sum of net investment income and net realized and unrealized gains and losses on investments, was \$86.8 million in 2018, compared to \$358.0 million in 2017, a decrease of \$271.2 million. The decrease was primarily driven by net realized and unrealized losses on investments of \$175.1 million in 2018, compared to net realized and unrealized gains on investments of \$135.8 million in 2017. The net realized and unrealized losses on investments in 2018 were driven by net realized and unrealized losses on the fixed maturity investments portfolio, and net realized and unrealized losses on the equity investments trading portfolio. Partially offsetting these items was higher net investment income from the Company's portfolios of fixed maturity investments trading and short term investments, primarily driven by higher average invested assets and the impact of interest rate increases during recent periods.
- On December 18, 2018, the Company and Dutch pension fund manager PGGM announced the creation of Vermeer Reinsurance Ltd. ("Vermeer") to provide capacity focused on risk remote layers in the U.S. property catastrophe market. Vermeer was initially capitalized with \$600.0 million of equity from PGGM, the sole investor in Vermeer, with up to a further \$400.0 million available to pursue growth opportunities in 2019, for a total of \$1.0 billion of capital. Vermeer has received an "A" financial strength rating from A.M. Best and has obtained approval in principle to be licensed and regulated by the Bermuda Monetary Authority as a Class 3B reinsurer. Vermeer will be managed by Renaissance Underwriting Managers, Ltd. and is consolidated into the Company's consolidated financial statements and all significant inter-company transactions have been eliminated. Redeemable noncontrolling interest – Vermeer represents the interests of external parties with respect to the net income and shareholders' equity of Vermeer.
- On October 30, 2018, the Company entered into a Stock Purchase Agreement by and among the Company, Tokio Marine & Nichido Fire Insurance Co. Ltd. and, with respect to certain sections only, Tokio Marine Holdings, Inc. (the "TMR Stock Purchase Agreement"), pursuant to which the Company has agreed, subject to the terms and conditions therein, to cause its wholly owned subsidiary RenaissanceRe Specialty Holdings (UK) Limited to purchase all of the share capital of Tokio Millennium Re AG and Tokio Millennium Re (UK) Limited, together with their respective subsidiaries (the "TMR Group Entities"). This transaction is expected to close in the first half of 2019, subject to the closing conditions set forth in the TMR Stock Purchase Agreement, including receipt of required regulatory approvals.
- On December 20, 2018, State Farm Mutual Automobile Insurance Company ("State Farm") purchased 1,947,496 Common Shares of the Company in exchange for \$250.0 million in a private placement pursuant to an Investment Agreement the Company and State Farm entered into on October 30, 2018.
- Effective January 1, 2019, Upsilon RFO issued \$456.8 million of non-voting preference shares to investors, including \$100.0 million to the Company. Of the total amount, \$400.0 million was received by the Company prior to December 31, 2018. At December 31, 2018, \$300.0 million was included in other liabilities on the Company's consolidated balance sheet. Effective January 1, 2019, the Company's participation in the risks assumed by Upsilon RFO was 16.9%.

## Comments on Regulation G

In addition to the GAAP financial measures set forth in this Press Release, the Company has included certain non-GAAP financial measures within the meaning of Regulation G. The Company has provided these financial measures in previous investor communications and the Company's management believes that these measures are important to investors and other interested persons, and that investors and such other persons benefit from having a consistent basis for comparison between quarters and for comparison with other companies within the industry. These measures may not, however, be comparable to similarly titled measures used by companies outside of the insurance industry. Investors are cautioned not to place undue reliance on these non-GAAP measures in assessing the Company's overall financial performance.

The Company uses "operating income (loss) available (attributable) to RenaissanceRe common shareholders" as a measure to evaluate the underlying fundamentals of its operations and believes it to be a useful measure of its corporate performance. "Operating income (loss) available (attributable) to RenaissanceRe common shareholders" as used herein differs from "net (loss) income (attributable) available to RenaissanceRe common shareholders," which the Company believes is the most directly comparable GAAP measure, by the exclusion of net realized and unrealized gains and losses on investments and the associated income tax expense or benefit. The Company's management believes that "operating income (loss) available (attributable) to RenaissanceRe common shareholders" is useful to investors because it more accurately measures and predicts the Company's results of operations by removing the variability arising from fluctuations in the Company's fixed maturity investment portfolio, equity investments trading and investments-related derivatives and the associated income tax expense or benefit of those fluctuations. The Company also uses "operating income (loss) available (attributable) to RenaissanceRe common shareholders" to calculate "operating income (loss) available (attributable) to RenaissanceRe common shareholders per common share - diluted" and "operating return on average common equity - annualized". The following is a reconciliation of: 1) net (loss) income (attributable) available to RenaissanceRe common shareholders to operating income (loss) available (attributable) to RenaissanceRe common shareholders; 2) net (loss) income (attributable) available to RenaissanceRe common shareholders per common share - diluted to operating income (loss) available (attributable) to RenaissanceRe common shareholders per common share - diluted; and 3) return on average common equity - annualized to operating return on average common equity - annualized:

(1) Adjustment for income tax (benefit) expense represents the income tax benefit (expense) associated with the adjustment for net realized and unrealized losses (gains) on investments. The income tax impact is estimated by applying the statutory rates of applicable jurisdictions, after consideration of other relevant factors.

The Company has included in this Press Release “tangible book value per common share” and “tangible book value per common share plus accumulated dividends”. “Tangible book value per common share” is defined as book value per common share excluding goodwill and intangible assets per share. “Tangible book value per common share plus accumulated dividends” is defined as book value per common share excluding goodwill and intangible assets per share, plus accumulated dividends. The Company’s management believes “tangible book value per common share” and “tangible book value per common share plus accumulated dividends” are useful to investors because they provide a more accurate measure of the realizable value of shareholder returns, excluding the impact of goodwill and intangible assets. The following is a reconciliation of book value per common share to tangible book value per common share and tangible book value per common share plus accumulated dividends:

**RenaissanceRe Holdings Ltd.**  
**Basis of Presentation**

RenaissanceRe Holdings Ltd. (the "Company" or "RenaissanceRe") is a global provider of reinsurance and insurance. The Company provides property, casualty and specialty reinsurance and certain insurance solutions to customers, principally through intermediaries. Established in 1993, the Company has offices in Bermuda, Ireland, Singapore, Switzerland, the United Kingdom and the United States.

This financial supplement includes certain non-GAAP financial measures including "operating income (loss) available (attributable) to RenaissanceRe common shareholders", "operating income (loss) available (attributable) to RenaissanceRe common shareholders per common share - diluted", "operating return on average common equity - annualized", "tangible book value per common share", "tangible book value per common share plus accumulated dividends", "retained fixed maturity and short term investments, at fair value" and "managed catastrophe premium." A reconciliation of such measures to the most comparable GAAP figures in accordance with Regulation G is presented in the attached supplemental financial data. See pages 21 through 25 for Comments on Regulation G.

Cautionary Statement under "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995: Statements made in this financial supplement contain information about the Company's future business prospects. These statements may be considered "forward-looking." These statements are subject to risks and uncertainties that could cause actual results to differ materially from those set forth in or implied by such forward-looking statements. For further information regarding cautionary statements and factors affecting future results, please refer to RenaissanceRe Holdings Ltd.'s filings with the U.S. Securities and Exchange Commission, including its Annual Reports on Form 10-K and its Quarterly Reports on Form 10-Q.

All information contained herein is unaudited. Unless otherwise noted, dollar amounts are in thousands, except for share and per share amounts and ratio information. **Comments on Regulation G**

In addition to the GAAP financial measures set forth in this Financial Supplement, the Company has included certain non-GAAP financial measures within the meaning of Regulation G. The Company has consistently provided these financial measures in previous investor communications and the Company's management believes that these measures are important to investors and other interested persons, and that investors and such other persons benefit from having a consistent basis for comparison between quarters and for comparison with other companies within the industry. These measures may not, however, be comparable to similarly titled measures used by companies outside of the insurance industry. Investors are cautioned not to place undue reliance on these non-GAAP measures in assessing the Company's overall financial performance.

The Company uses "operating income (loss) available (attributable) to RenaissanceRe common shareholders" as a measure to evaluate the underlying fundamentals of its operations and believes it to be a useful measure of its corporate performance. "Operating income (loss) available (attributable) to RenaissanceRe common shareholders" as used herein differs from "net (loss) income (attributable) available to RenaissanceRe common shareholders," which the Company believes is the most directly comparable GAAP measure, by the exclusion of net realized and unrealized gains and losses on investments, and the associated income tax expense or benefit, and the exclusion of the write-down of a portion of the Company's deferred tax asset as a result of the reduction in the U.S. corporate tax rate from 35% to 21% effective January 1, 2018 pursuant to the Tax Cuts and Jobs Act of 2017 (the "Tax Bill"), which was enacted on December 22, 2017. The Company's management believes that "operating income (loss) available (attributable) to RenaissanceRe common shareholders" is useful to investors because it more accurately measures and predicts the Company's results of operations by removing the variability arising from fluctuations in the Company's fixed maturity investment portfolio, equity investments trading and investments-related derivatives, the associated income tax expense or benefit of those fluctuations, and the non-recurring impact of the write-down of a portion of the Company's deferred tax assets as a result of the Tax Bill. The Company also uses "operating income (loss) available (attributable) to RenaissanceRe common shareholders" to calculate "operating income (loss) available (attributable) to RenaissanceRe common shareholders per common share - diluted" and "operating return on average common equity - annualized". The following is a reconciliation of: 1) net (loss) income (attributable) available to RenaissanceRe common shareholders to operating income (loss) available (attributable) to RenaissanceRe common shareholders; 2) net (loss) income (attributable) available to RenaissanceRe common shareholders per common share - diluted to operating income (loss) available (attributable) to RenaissanceRe common shareholders per common share - diluted; and 3) return on average common equity - annualized to operating return on average common equity - annualized:

(1) Adjustment for deferred tax asset write-down represents the write-down of a portion of the Company's deferred tax asset as a result of the reduction in the U.S. corporate tax rate from 35% to 21% effective January 1, 2018 pursuant to the Tax Bill, which was enacted on December 22, 2017.

(2) Adjustment for income tax (benefit) expense represents the income tax benefit (expense) associated with the adjustment for net realized and unrealized losses (gains) on investments. The income tax impact is estimated by applying the statutory rates of applicable jurisdictions, after consideration of other relevant factors.

The Company has included in this Financial Supplement “tangible book value per common share” and “tangible book value per common share plus accumulated dividends”. “Tangible book value per common share” is defined as book value per common share excluding goodwill and intangible assets per share. “Tangible book value per common share plus accumulated dividends” is defined as book value per common share excluding goodwill and intangible assets per share, plus accumulated dividends. The Company’s management believes “tangible book value per common share” and “tangible book value per common share plus accumulated dividends” are useful to investors because they provide a more accurate measure of the realizable value of shareholder returns, excluding the impact of goodwill and intangible assets. The following is a reconciliation of book value per common share to tangible book value per common share and tangible book value per common share plus accumulated dividends:

The Company has included in this Financial Supplement “retained fixed maturity and short term investments, at fair value.” “Retained fixed maturity and short term investments, at fair value” is defined as total consolidated fixed maturity and short term investments, at fair value, less the portion of fixed maturity and short term investments, at fair value attributable to redeemable noncontrolling interests, certain third party vehicles and joint ventures. “Retained fixed maturity and short term investments, at fair value” differs from total consolidated fixed maturity and short term investments, at fair value, which the Company believes is the most directly comparable GAAP measure, due to the exclusion of fixed maturity and short term investments, at fair value, attributable to redeemable noncontrolling interests, certain third party vehicles and joint ventures. The Company’s management believes “retained fixed maturity and short term investments, at fair value” is useful to investors and other interested parties because it provides a measure of the portion of the Company’s fixed maturity and short term investments, at fair value, that impacts the investment results included in net (loss) income (attributable) available to RenaissanceRe common shareholders. A reconciliation of total consolidated fixed maturity and short term investments, at fair value, to “retained fixed maturity and short term investments, at fair value” is included below:

From time to time, the Company discusses “managed catastrophe premiums” which is defined as gross catastrophe premiums written by the Company and its related joint ventures. “Managed catastrophe premiums” differs from Property segment gross premiums written, which the Company believes is the most directly comparable GAAP measure, due to the exclusion of other property gross premiums written and the inclusion of catastrophe premiums written on behalf of the Company's joint venture Top Layer Re, which is accounted for under the equity method of accounting. The Company's management believes “managed catastrophe premiums” is useful to investors and other interested parties because it provides a measure of total catastrophe premiums assumed by the Company through its consolidated subsidiaries and related joint ventures.
